Article 5

Fee rates

1. Fees are set as a fixed amount, as a percentage of the base or a calculation using a defined formula.
2. If the fee calculation is based on the nominal or market price of a DS in a foreign currency, the last known exchange rate issued by the Czech National Bank as of the day the fee is calculated is used for the conversion.
3. If the fee calculation should be done based on the nominal value but the DS has not the nominal value, the nominal value shall be substituted by the value of the share determined by the number of DS on the issue volume, resp. registered, fund or similar capital, in the appropriate currency. An issuer is obliged to inform central depository about actual value of capital mentioned in the previous sentence without undue delay since its change or calculation, done in terms set by statutes or articles of association of the issuer or by the law; in case that the issuer does not provide central depository with actual figure of capital mentioned in the previous sentence, central depository is entitled to amend the volume of the issue based upon information accessible to him.
4. If the fee calculation should be done based on the market price and the DS is listed on a market operated by PSE and simultaneously on another regulated market or MTF, the latest known market price published by PSE is used for the fee calculation. IF the DS is listed on a regulated market operated by RM-SYSTEM and it is not simultaneously listed on a market operated by PSE, the latest known market price, published by RM-SYSTEM, is used.
5. The fee is also based on market value in the case of unlisted book-entry shares that have been delisted from a regulated market or MTF, for a period of three years from the date of their withdrawal from trading or until the date of transfer of ownership of the book-entry shares to the main shareholder within the meaning of Section 385 of the Business Corporations Act, whichever occurs first. The fee is calculated as for listed book-entry shares, and the last known market value is used for the calculation.
6. If the market value a foreign DS listed on any market operated by PSE or RM-SYSTEM that is not registered in the issue register of CSD, is lower than a default value stated in the Annex 1 of the Tariff, the market value is substituted in the calculation of respective fees by this default value. The default value is also used in case of foreign DS that is not listed or whose trading on a regulated market has been suspended for longer period. This does not apply to foreign dematerialized bonds where the nominal value is proceeded with, as stated in Tariff 3.8 letter c). In case the default value has not been published in the Annex 1 of the Tariff, CSD reserves the right to publish default value in the Bulletin at least 5 business days before the effectiveness and reflect the change to the Annex 1 of the Tariff with the next amendment of the Price List. CSD reserves the right to apply different method of calculation of safekeeping fee for foreign DS maintained on the account in the separate register than it is provided for above, in reliance on the method of fees calculations made by foreign depositories towards CSD. This method of calculation shall be published in the Bulletin.
7. If a foreign DS that is not registered in the issue register of CSD is listed on a foreign regulated market and it is not listed on a market operated by PSE or RM-SYSTÉM, CSD sets a substitute value of the DS for fee calculation. CSD sets the substitute value on a regular basis in the form of its publishing in the Bulletin; this is done at the end of a calendar month with the effect as of the next calendar month. To set the substitute value, CSD reflects the market value of the foreign DS, published by the foreign market on the 20th day of a calendar

month; in case of a foreign DS listing on more markets, the value set by the entity maintaining the respective account for CSD. The substitute value set this way cannot be lower than the default value mentioned in the Annex 1 of the Tariff.

8. For the purpose of the fee for keeping of foreign DS that CSD does not maintain in the (primary) issue register and are kept on the account in the separate register of CSD, the CSD is entitled to set the amount of the fee for DS registered in respective depository from the country for which CSD has not maintained the register so far, in the Bulletin. Subsequently, this new fee shall be stated in the Price List at its next amendment. CSD may use the same procedure in relation to fees for received instruction to credit or debit foreign DS in/from the separate CSD register according to the Annex 1 to the Tariff.
9. CSD sets its default price for a fee calculation and publishes it in the Bulletin.
10. The request for the change of the character of participation in CSD, which result in the change of charging from the fee per Tariff 1.2.1 to fee per 1.2.2., or vice versa, will be satisfied once a year and the change comes into effect as of the next calendar year after the request submission

Article 6

Terms of payment of fees and their due date

1. Fees paid by CSD participants and participants of the system ACM are due in the following terms:
 - a) Annual participation fees are due in the term stated on the invoice. The invoice shall be issued by CSD at the beginning of January every calendar year. A subject that becomes a participant in the CSD or in the system ACM during the calendar year shall be invoiced for participation fee at the beginning of the month following the month in which the decision to accept the subject was issued; the fee shall be prorated based on the number of calendar months from the inception of participation to the end of the calendar year. If the participant terminates its participation in the central depository or the system ACM during the year, a part of the paid fee, corresponding to one quarter of the yearly fee multiplied by each whole trimester when he is not a participant, will be returned to him.
 - b) One-time fees for submitting a participation application (Tariff 1.3.), for participants admission fees (Tariff 1.4.) and fees for communication of the participants in the system ACM who are not CSD participants (Tariff 17.2) are due by the date stated on the relevant invoice.
 - c) Other fees paid by CSD participants are payable on the 15 calendar day (or the next business day) of the month following the month in which the service was provided.
2. Fees paid by issuers are due in the term stated on the relevant invoice. The invoices are issued by CSD as of the last day of the month in which were the services provided. Excepted from the above rule are the fees for keeping of the issue (Tariff 2.4) and the fees for providing of an extract from the issue records (Tariff 2.6).

The following conditions apply to fees of 2.4:

- a) a quarterly fee is invoiced at the beginning of the first month of the quarter (in January, April, July and October). The fee is calculated according to the status of the issue as of the final day of the previous quarter;

- b) Issuers of new dematerialized shares, PC OMF and PC CMF are invoiced for keeping of Issue Records in the quarter in which the issue was registered on the accounts, as of the last day of the quarter. The fee is calculated according to the status of the issue at the last day of the quarter, i.e. in the full amount if the issue was registered in the first month of the quarter, 2/3 of the fee if the issue was registered in the second month of the quarter and 1/3 of the fee if the issue was registered in the 3rd month of the quarter;
 - c) The fee of Tariff 2.6 may be due at the handover of the extract from the issue records based upon decision of CSD (particularly in case of bankruptcy proceedings, change of form into certificated or in case of issuers that are in delay with payment of invoices).
- 3. Safekeeping fees paid by the owners of unclassified accounts are due in 30 days since the invoice issuance. Invoices shall be issued as of the last day of a calendar year. CSD shall issue the invoice also as of the last day of a calendar month in which the continuously calculated fee reaches the sum of at least CZK 3,000 or in case of unclassified account cancelation.
- 4. Fees paid by contractual partners and the payment of material costs are due by the date stated on the relevant invoice.
- 5. Fees paid for services of issuance and maintenance of LEI are due in the term stated on the notice for the fee payment. The notice for the payment is sent to the applicant electronically after delivery of his request for a code issuance form or, in case of annual maintenance fee for another period, 14 days before the validity of the code expiration. In fifteen days since the payment has been received by CSD, the payer shall receive a tax document; it shall be done by electronic mail to the address stated in the request as an address for multiple delivery of invoices.

Article 7

Value added tax

- 1. The fees in this price list do not include VAT unless explicitly stated otherwise in the Tariff. CSD adds VAT to taxable performance pursuant to valid legal regulations.
- 2. Effective January 1, 2026, there will be a significant extension of the range of services that are subject to VAT. Only services related to settlement and money transactions are basically exempt from VAT.

Article 8

Method of payment of fees

- 1. CSD participants pay the fees in the following manner:
 - a) Payment of annual fees or the fee for applying for acceptance as a CSD participant is remitted by money transfer to the bank account of CSD specified on the invoice.
 - b) Fees for the settlement of trades concluded on PSE markets are paid to the PSE bank account together with trading fees.
 - c) CSD participants pay all fees (except for fees listed under a)) by means of a bank transfer based on a CSD payment order from a third party from the payer's interbank payment account of the payer's clearing bank in the CNB. An arrangement between a participant and CSD is possible on the same manner of payment even for the fees listed under a).

- d) A CSD participant that does not have access to cash settlement agrees to allow CSD to direct debit the fees on the day they are due (except for the fees listed under a) and b)).
2. **Payers not listed in paragraph 1 of this article pay fees by means of a money transfer to CSD's bank account unless they have provided CSD the right to direct debit the fees or in cash in case of receipt of provided service or in cash on delivery.**
3. **Payers requesting issuance and maintenance of LEI pay fees by means of money transfer to CSD's bank account stated on the payment notice.**

Article 9

Default in payment

In case of default with payment of fees in the term set forth in this price list, the subject in arrears is required to pay interest in the amount established in valid legal regulations until the full amount is paid.

Article 10

Form of delivery of tax documents

1. **Tax documents (hereinafter the "Invoices") are delivered:**
- a) in electronic form to the e-mail address that the payer has notified to CSD, via post licensee or in camt.077 format via the SWIFT communication channel.
 - b) to authorized persons according to s. 115 CMTA in electronic form to the data box provided that the authorized subjects are obligated to use the data box; otherwise shall be delivered to email address notified to CSD or post licensee or another delivering subject.
 - c) to the owners of unclassified accounts to a mail address that has been notified to CSD by the payer, or via a post licensee to the address of the owner, recorded in the register or notified to the CSD. Fee for a statement from unclassified account, which is not provided via participant, shall be invoiced by invoice delivery, together with the account statement, to the address in the Czech Republic or in the Slovak Republic recorded in the CSD registers or to the address in the Czech Republic or Slovak Republic notified in the request for the statement.
 - d) in electronic form to the e-mail address that the applicant for LEI issuance has notified in its application.
2. By notifying its email address to CSD payers agree with the issuing of invoices in electronic form according to valid legislation. Payers are required to immediately inform CSD of the change email address specified for delivering of invoices.
3. Invoices delivered to email address feature an electronic code based on a qualified system certificate and with a qualified time stamp.

Article 11

Waiver, reduction and refund of the fee

1. The CSD board of directors is authorized to exempt certain subjects from the obligation to pay the fees set forth in this Price list in justified cases. Upon request of the Payer is the Chief Executive Officer of CSD authorized, in individual cases, to decide on waving the obligation to pay a specific fee or on reducing the fee.

2. Fees shall be returned without undue delay if paid by a subject that is not required to pay the fee. If a Payer pays more than required, the overpayment is returned.
3. CSD can waive the obligation to pay the fee for keeping of the issue records and the fee for safekeeping of DS on an account if issuer or other person entitled to act on behalf of the issuer notifies the CSD that following specific situations has arisen:
 - a) Issuer is put into liquidation, or
 - b) An insolvency proceeding has been started with the issuer and it is evident from the circumstances that it has not been instituted based on a persecutive misuse of right, or
 - c) It was decided on the bankruptcy of the issuer, or
 - d) Insolvency petition has been rejected for lack of asset of the issuer.
4. The obligation to pay the fee for keeping of issue records shall be waived since the quarter following the quarter in which the claim for waiving has been admitted by CSD.
5. The obligation to pay the fee for safekeeping of DS on the account shall be waived since the first day of the month following the month in which the claim for waiving has been admitted by CSD.
6. CSD makes a reduction of the fee for issue register, paid quarterly by the dematerialized shares issuer, for a company that has, as of the last day of the calendar quarter, a sole shareholder. The fee shall be reduced for the next calendar quarter to the maximum amount of CZK 100,000 per an issue. This limit shall not be applied to **the clients' accounts and accounts maintained in the connected registers**. The fee shall not be reduced retrospectively.
7. The fee for the increase of the issue volume per Tariff 2.5.1., shall be invoiced in a reduced maximum amount CZK 5,800 to the issuer of a new issue of non-listed dematerialized shares in case that the increase shall be performed in a year since the primary registering of the shares issue.
8. Issuer of dematerialized shares who has increased the issue volume per Tariff 2.5.1 letter b) and in a year since the increase listed the dematerialized shares issue on a domestic regulated market, shall be entitled to a fee reduction. The fee reduction shall be granted based upon a written request delivered to CSD. The reduction shall be in the amount corresponding to the difference between already paid fee for the issue increase per Tariff 2.5.1 letter b) and the fee in the amount CZK 5,800 per 2.5.1 letter a).
9. Issuers of shares admitted to trading on a regulated market or on a multilateral trading system who had requested a statement from the issue register, and subsequently requested a statement from the issue register as of day not later than three months, shall be provided the second statement by CSD free of charge.

Article 12

3. Fees for safekeeping of DS on an account

3.1	Entry of subject into subject records, change of registered information or erasure of records of subject	No charge
3.2	Assignment of AIN	CZK 150
3.3	Establishing of an owner or clients' account	CZK 40
3.4	Entering of an unclassified account under CSD participant	No charge
3.5	Entry of administrator on account	No charge
3.6	Registration of co-owner in register (price per co-owner)	CZK 40
3.7	Safekeeping of DS registered on the securities account in the central or separate register (with the exemption of PC OMF and fees stated in the points 3.8 to 3.10)	
	a) listed dematerialized or immobilized shares	V*k.p.a.
	(V = volume of listed DS on account at market value, k = coefficient for listed dematerialized or immobilized shares) (for an account holder who holds 98% or more of the relevant issue, V is a max. of CZK 750 million; this limit does not apply to the accounts of clients and accounts maintained in registers connected to the Central Register)	
	b) non-listed dematerialized or immobilized shares and PC CMF	V*n p.a.
	(V = volume of non-listed DS on account at nominal value, n = coefficient for non-listed dematerialized or immobilized shares) (for account holder who holds 98% or more of the relevant issue, V is a max. of CZK 750 million; this limit does not apply to the accounts of clients and accounts maintained in registers connected to the Central Register)	
	c) dematerialized or immobilized bonds, shares in global bonds and other bond-like DS	V*d p.a.

	(V = volume of securities on account at nominal value, d = coefficient for bonds)		
	Coefficients k, n, d are based upon the amount of securities on the account as follows:		
	Volume of securities on the account (O)	(k)	(n) (d)
	Volume up to CZK 15 mil	0.0005	0.001 0.0001
	Volume above CZK 15 mil up to CZK 150 mil.	0.0002	0.0005 0.0001
	Volume above CZK 150 mil up to CZK 1.5 bln	0.0001	0.0003 0.00008
3.8	Volume above CZK 1.5 bln up to CZK 3 bln	0.00005	0.0002 0.000045
	Volume above CZK 3 bln	0.000045	0.00015 0.000036
	The fee is calculated daily and the result is divided by 360. The daily fee is arithmetically rounded to nearest crown (if a daily fee is less than CZK 0.5, the fee is not collected). When the volume is above CZK 15 mil, more coefficients are applied within the calculation, e.g. for listed dematerialized shares of the volume CZK 200 mil is the daily fee (P) calculated as follows:		
	$P = (\text{CZK } 15 \text{ mil} * 0.0005 + \text{CZK } 135 \text{ mil} * 0.0002 + \text{CZK } 50 \text{ mil} * 0.0001) / 360$		
	$P = (7,500 + 27,000 + 5,000) / 360 = 39,500 / 360 = 109.72 = \text{CZK } 110$		
	Note: Slovakian DS registered by CDCP SR, a.s., belong to this category of fees		
	Safekeeping of DS that CSD does not maintain in the (primary) issue register and are kept on the account in separate or linked register of CSD (registered via CSD's account in another depository, except for CDCPSR according to point 3.7)

	a) France, Netherlands, Ireland, Italy, Germany, Austria, Great Britain, USA and DS of Luxembourg kept in international depositories, and foreign DS primarily registered in Clearstream or Euroclear	V*0.0305% p.a.	
	b) Japan	V*0.041% p.a.	
	c) Slovenia	V*0.130% p.a.	
	d) Greece	V*0.41% p.a.	
	e) Poland	V*0.15% p.a.	
	f) Spain	V*0.0325% p.a.	

	g) Sweden	$V \cdot 0.0405\% \text{ p.a.}$
	h) Switzerland	$V \cdot 0.035\% \text{ p.a.}$
	i) Hungary	$V \cdot 0.18\% \text{ p.a.}$
	j) Finland	$V \cdot 0,06\% \text{ p.a.}$
	k) foreign dematerialized and immobilized bonds*	$V \cdot 0.0205\% \text{ p.a.}$
	l) bonds recorded in the register linked to the central register maintained by the CNB (SKD system)*	$V \cdot 0.0088\% \text{ p.a.}$
